THE WHEELER SURVEY.

Satisfactory Results—Reports and Maps to be Published.

The annual report of the surveys west of the one-hundredth meridian, under the direction of Lieutenant Wheeler, United States Corps of Engineers, is now about ready to be issued. It will exhibit many interesting facts regarding the topography and resources of the regions examined in Colorado, New Mexico and California during the past fiscal year, under special instructions from the War Department. An examination was made to ascertain whether the waters of the Great Colorado River of the West could be diverted to the adjoining plains for purposes of irrigation. The report thereon is accompanied with illustrations and regulated data, showing the problem to be difficult if not impracticable. Special investigations have been inaugurated with a view to distinctively delineating in colors upon the atlas and map of the survey the irrigable, grazing, mineral and mountain sections of the whole region hitherto explored by the Wheeler expedition, covering since the year 1869 nearly 400,000 square miles. These expeditions have been sent out by the War Department principally for the purpose of gathering topographical data for the mapping of the country and incidentally to report on the mineral, agricultural and other resources of the region west of the 100th meridian, and its geology, climate, etc. Maps of a large portion of the area has already been published. The matured results of the survey are to be published in seven quarto volumns. Two of these—viz: geology and zoölogy—have appeared; the third, paleontology, is nearly ready for distribution, and the remainder well advanced. Topographical and geological atlas sheets will be issued from time to time. There will be also issued a monograph upon the routes of communication, showing the distances between elevations, wood, grass, etc. This information is much sought for by parties contemplating the locating of colonies, the transfer of large herds to grazing grounds, etc. The appropriations for this work last year, although limited in amount and not available until late in the Summer, have afforded gratifying results, several field parties continuing their labors up to December, and returning to headquarters in Washington well laden with data to be elaborated and submitted directly to the Government and incidentally to the public. If Congress makes adequate appropriations, during the present session, parties will be put in the field early in the coming Spring, as skilled assistants, instruments and outfits are all at hand ready for camping at any time.

THERE were over a thousand deaths by violence in New York City last year, the list including 153 suicides. Of the persons committing suicide were males and 30 females.

THE LAST OF THE "BODY SERVANTS."

For the last twenty years it has been a standing joke when a centenarian died, for the wags of the press to claim for him the honor of having been Washington's body servant. In that time there is no telling how many of these servants paid the debt of Nature. The number is incalculable, but can be approximately estimated by comparison with a statement of the Rochester (N. Y.) *Democrat*. It furnishes dates and names of those who have departed, from January 3d to October 5th, 1876. The number is found to be fifteen, of whom the youngest was 100 years, and the oldest 112 years. Three were natives, and the balance of foreign birth.

This enumeration does not include the numerous colored nurses of the "Father of His Country," the best known of whom was Joyce Heath, who was exhibited through the country years ago. The *Democrat* thinks the race of body servants was brought to an end with the decease of Zetta Franklin on the 25th of last October, at the age of 103 years. Whether there remain any more of Washingtons's nurses remains to be seen.

National and International Weather Reports.

At length we of the Pacific Coast are to have the advantage of the magnificent system of meteorlogical observations made all over the United States, and the consequent prediction of the "probabilities" for the succeeding twenty-four hours, with an occasional venture on a prediction several days in advance. The Secretary of the Navy has formally assured the Secretary of War that his Department will fully co-operate with the land forces in making one daily simultaneous meteorological observation, and this embraces an international co-operation. The order of the Secretary of the Navy, sent out at the commencement of the year, requires that on every naval vessel, and at every naval station, wherever they may be, on every sea, in storm or sunshine, one meteorological observation shall be taken and recorded daily, at the precise instant—7:35 A. M., Washington mean time. The record of these observations is to form part of the record of the United States Bulletin of International Meteorological Observations and the greatest care and promptitude are enjoined in preparing it.—*S. ST. MARY'S CLOCK, LUBECK.—Strolling through the streets, I happened to pass St. Mary's Church near the hour of noon, and entered to see the famous clock perform its little tricks, which it has repeated day by day for over three hundred years. This ancient piece of mechanical skill is placed near the main alter, and has a huge and bewilderingly complicated dial, showing the second, minute, hour, day, month, year and relative position of moon and planets all at once. On a miniature semi circular gallery above the dial is the figure of Christ seated on a throne. With the last stroke of twelve, melodious chimes play a verse of some hymn, and at the same time a little door on the right opens and a figure in apostolic garb appears, advancing slowly until it reaches the throne, when it turns and bows before the Saviours and then goes on again, disappearing through the door on the left. Eleven apostles pass through in this manner, but the twelfth, who is said to be Judas, only shows his face, when the door is shut on him. I could not help pitying the poor little wooden apostle, who has been subjected to this mortifying treatment for 300 years. St. Peter comes in for his share of rebuke in the shape of a cock which makes an effort to crow three times, but though he flops his wings as lively as ever, his voice was injured by a cold caught in the severe Winter of 1724, from which he never fully recovered, and I suspect St. Peter laughs in his sleeve at the bird's attempt to remind him of his temporary defection over eighteen hundred years ago.

DR. MARY WALKER is a noted character in Washington, and makes herself conspicuous by wearing male attire. For some reason or other she has become obnoxious to President Grant, and he refused to see her when she called at the White House. She thereupon wrote a note, asking an explanation. This the President gave on the back of the note, as follows:

"Whenever Mrs. Walker will appear at the door of the executive chamber in apparel becoming her sex, she will be admitted."

U. S. GRANT.

BRIDGET was sent out one morning to buy some heads of lettuce. She returned with postage stamps. When asked how she made the mistake, she pertly answered, "An' sure, wasn't I tould to get heads of letters?"

HE asked her how she felt, and she answered: "Happy, happy—oh, so very happy!" She had begun the year with a new set of teeth.

GRAND JURY REPORT.

AN ABLE AND INTERESTING DOCUMENT.

COUNTY AFFAIRS ALL RIGHT.

Oppose any Change in Our Judicial District.

RECOMMENDATIONS.

The following is the final report of the Grand Jury submitted to the Court yesterday:

To Hon. S. H. Wright, Judge of the Second Judicial District of the State of Nevada:

The Grand Jury empanneled on the 8th day of January, A. D. 1877, for the January term of the District Court of the Second Judicial District of the State of Nevada, makes the following report:

We have found the following bills of indictment, namely:

One for burglary.

One for assault with intent to kill.

One for grand larceny.

And have ignored the following charges:

One for kidnapping.

One for bigamy.

One of adultery.

In compliance with the recommendation of the Court the Jury have, through their several Committees, examined the books and accounts of the county and township officers, giving each their personal attention, assisted by a competent accountant. The Jury take much pleasure in being able to report, in most instances, their highest commendation of the manner in which the officers of the county have performed their respective duties, as will be more fully shown by the following reports of several Committees:

RENO, Nev., Jan. 22, 1877.

Your Committee appointed to examine the books of the different receiving and disbursing officers of the county of Washoe, herewith respectfully submit the following as the result of their investigations, viz:

CLAIMS.

On examination of claims against the county allowed by the Board of Commissioners we find that the checking corresponds with the amount so entered on the Claim Registry, and further find that the

WARRANTS

Returned as "cancelled" from Treasurer's office, on being checked with amounts so designated in said Claim Registry, proved correct in every particular.

REVENUE.

Your Committee, finding that no report had been made subsequent to the 4th day of October, 1875, included the months of October, November and December in this report, and in order to give a correct statement of the revenue and expenditures for the year commencing January 1st, and ending December 31st, 1876, have segregated the report to show as follows:

Revenue:	
On hand Oct. 4, 1875	$ 17,981 91
For months Oct., Nov. and Dec.	114,770 04
Total	$132,751 95
Expenditures, to same dates:

AUDITOR'S OFFICE.

The key to all the different offices of the county, with one exception, (and which receives our attention under its proper caption,) the foundation on which all examinations, to be thorough and correct, must be commenced, was the first to receive our visit, and made the basis of investigation:

Your Committee, at the risk of being thought invidious, must certainly commend the neat, concise and intelligent manner in which the books of this office are kept; the perfect system of checks upon the revenue and expenditures of the county; the facilities of examination afforded by such system tending, in our opinion, to close all avenues to leaks of any description.

COUNTY CLERK.

In this office your Committee found the books neatly and intelligently kept; all moneys received being promptly and correctly turned over to the Treasurer. The outgoing Clerk having been one whose ability and correctness cannot be questioned, his successor, stimulated by a desire to emulate, will make a careful and efficient officer.

SHERIFF'S OFFICE.

Here, also, your Committee found the books of the retiring officer to be in good form and his different accounts for the past year properly and correctly balanced, and the amounts turned over to the Treasurer. It may be of interest to the public to here state that the amount of licenses collected for the past two years has been over twenty thousand dollars. We think a decided improvement in the style and manner of the books has been effected by the present incumbent, who has adopted a Docket and descriptive Record Book, which will explain themselves fully to any one who has right of access thereto.

TREASURER'S OFFICE.

The books of this office were found to be as neatly, as they have been correctly kept, the retiring officer having turned over to his successor a clear balance in money, and a good record as an officer. The new incumbent has evidenced by his opening of the accounts of his office for the year that any future examination will show every item correct. We have counted the money in the Treasury and find it to agree with the balance shown.

DISTRICT ATTORNEY.

Delinquent taxes have heretofore been the source of no little trouble in checking up, as the manner of paying over collections from this source has been, until the year 1875, in aggregate and not in individual sums, thereby giving the Auditor great inconvenience, but since that time the amounts have been turned in to Treasurer on individual receipts only.

PUBLIC ADMINISTRATOR.

We have examined the books of the Public Administrator and find that all estates in his charge are still unsettled, hence no funds in his possession but what he is entitled to hold until the final order of the Court.

JUSTICES.

An examination was had of the books of the different Justices Courts in the county, and were found to be well and intelligibly written up. The amount of business done at Washoe, Franktown and Verdi has been merely nominal.

Wadsworth has had a careful and correct Justice. In all cases where penal fines were assessed beyond the legal costs, the amount was promptly forwarded to Treasurer.

Reno having had the suits for delinquent taxes, the amount of business was correspondingly large and in all these cases, as well as those in which penal fines were collected over and above legitimate costs, we found that such amounts were promptly turned over, the one to the District Attorney, and by him to the Treasurer; the other direct to this officer.

SUPT. OF SCHOOLS.

The aggregate and detailed statements embodied in the report proper, would seem to have been sufficient, showing as they do a marked improvement over other reports, yet your Committee would respectfully proved" by the Superintendent, and then presented to the County Auditor, who alone be empowered to draw warrants for same on the different funds. In doing this the same somirable check now had of the other funds would be the result; and all facility given for investigation, thereby saving time and of consequence, money.

In conclusion, would say that the result of the examination of the books of the county officers has been highly gratifying, not only in showing the increased prosperity of our county, but also the manifest and generous rivalry among the various departments to make the best exhibit and afford the greatest facilities for examination.

[illegible] sms to be in [illegible] and everything in [illegible] We would recommend that a tub be furnished for the use of the inmates, with the necessary pipes for conveying water to and from the same.

At the Court House we found the belfry in bad condition and in need of immediate repairs. We recommend the proper authorities to have constructed on the outer line of the sidewalk in front of the Court House a line of hitching posts for the convenience of the people. We would recommend that new floors be laid in the vaults attached to the office of the County Clerk and Recorder. The county jail is in a bad and unsafe condition and should receive the early attention of the Commissioners. The ditch running through the Court House yard is an unmitigated nuisance and if the owners of the same can not be compelled to cover it properly it should be done at the expense of the county.

The safe keeping of the county funds is a matter of great importance and it is the opinion of the Grand Jury that the County Commissioners should furnish a good fire and burglar proof safe for the Treasurer's office. The fence around the Court House yard should be repaired.

A. A. LONGLEY,
H. STEPHENS,
H. W. HIGGINS,
} Committee.

ROADS AND BRIDGES.

We find that under existing laws our roads and bridges can not be kept in a proper condition for the accommodation of the traveling public and we recommend to our delegation in the Legislature that they use their utmost endeavors to obtain the passage of an Act, during the present session of the Legislature, whereby our public roads and bridges can be more systematically and surely improved.

JUDICIAL DISTRICT.

Upon the subject of creating a separate Judicial District for Washoe county, we are of the opinion that the advantages to be derived from such action by the Legislature are not sufficient to warrant the additional expense which would be incurred in carrying it out, and believe that a large majority of the citizens of the county are opposed to such action.

CRIMES AND PUNISHMENTS.

The attention of our officers is respectfully called to the hoodlum element throughout the county and more particularly in the towns along the line of railroads where their vocation is most extensively practiced, and the least we can recommend is that the Vagrant Act be more strictly enforced. In connection with this we would further say that these cases are entirely neglected. We notice a strong desire on the part of some of the township officers to burden the county with an endless expense in prosecuting certain Chinese kidnapping and bigamy cases brought to our notice and ignored, which would neither check the evil nor mend the ways of those arrested therefor, and its practice should be discontinued.

The thanks of the Grand Jury are hereby tendered to all the members of the County Government for their attention and assistance rendered in facilitating the performance of our labors. C. H. EASTMAN, Foreman.

GOVERNOR KIRKWOOD has issued an order for the reorganization of the Iowa State militia under the name of the National Guard of the State of Iowa. All artillery companies are ordered to meet January 31 at their respective armories to elect officers.

THE KELLY MURDER TRIAL.—A jury has not yet been empaneled to try this case; only eleven men have yet been selected. They are James Twaddle, F. C. Updike, J. H. Corlies, B. F. Rhodes, J. Fellnagle, A. H. Pine, W. D. Coldren, N. A. Merrill, Jas. Poor, John Boyd, R. V. Borden. The twelfth will be chosen to-day, from among those now being summoned, another venire for 32 having been ordered yesterday afternoon, returnable at 10 A. M. to-day.

THE GRANGER STORE.—The Trustees of the Farmers' Co-operative Association have been holding meetings the past two days, for the purpose of arranging matters connected with their new store. They will be ready for business by April 1st. Already considerable money has been paid in, and the remainder of the capital stock of $100,000 will be subscribed and paid for by the time set for commencing business.

BIG TIME.—Last night every sleigh in town was engaged and still the demand was not satisfied. The cause of this activity in the sleigh business was that there was to be a dance in the Glendale school house. The extensive Reno delegation had a big time, as also did everybody else who attended that Glendale dance.

BLOCKED.—The road between here and Mackey Fair's camp is blocked with snow, and yesterday a team broke it as far as Sheep Ranch. There is said to be eight or ten feet of snow at the Upper Mill, which will greatly delay the work among the timbers.

STATE FAIR TRUSTEES.—The Trustees of the Agricultural Society will have a meeting to-morrow evening, at which time officers will be chosen, and matters relating to the next State Fair will be discussed, and the ball started rolling.

ON Friday evening the newly elected Board of Trustees of Reno Engine Co. will have a meeting and organize.

HELD.—A letter addressed to Eugene Gallagher, Reno, is held for postage in the Virginia City office.

TRAINS are running on time to all points.

THE sleighing is being enjoyed hugely.

STOCKS are dropping again. The decline is almost as sudden as the rise.

BOARD OF TRADE.

The Meeting Last Night—Incorporation—An Election to be Held on Feb. 1st—The Taxpayers to Decide—Amendments Proposed.

The Board of Trade meeting last night was not well attended—only nine members being present.

Upon motion Mr. H. A. Waldo was elected a member of the Board.

The Special Committee on Incorporation reported in favor of an election being held on Feb. 1st to decide upon the question, and if a majority of the taxpayers vote in favor the incorporation bill shall be sent to our delegation; otherwise the project abandoned. And that at such election Trustees shall be voted for, to be named in the bill. The report was adopted.

The Board appointed Wm. H. Young, C. A. Gibson and D. H. Barker, Inspectors of Election for the First Ward; polls at Sheriff's office. L. L. Crockett, John Wilson and James Tombs, for Second Ward; polls at Gibson's office. O. W. Ayre, R. Leeper and N. C. Haslund, for Third Ward; polls at Engine House.

Polls to be open from 10 A. M. to 4 P. M.

On motion the County Recorder, Assessor and County Clerk were requested to canvas the returns of said Board and report the result to this Board. The election to be conducted as nearly as may be in accordance with the general election laws. The Committee then reported several amendments to the proposed Incorporation Act. 1st, changing west boundary line ½ mile further east. 2d, that such incorporation shall not invalidate the Reno Road District, 3d, the Town Trustees elected, to be named in the Incorporation Act as 1st Board of Trustees. 4th, that dance houses be licensed. 5th, to providing for impounding dogs at the expense of the owner. 6th, to work vagrants on the public works. 7th, the Reno Road District Superintendent to be the Supeaintendent of streets, etc. 8, to pay Clerk of Board of Trustees not to exceed $250 per annum. 9th, Trustees to supervise the construction and maintenance of fire cisterns. 10th, Board of Trustees not to control or interfere with county bridge across the Truckee river, except for police purposes.

On motion adjourned until Saturday evening next.

ALL who were indebted to the Reno Lumber Co., previous to Jan. 1st, 1877, are hereby notified to call and settle their accounts on or before February 1st, 1877. All accounts not settled at that date will be otherwise collected. RENO LUMBER CO.

THE Susanville stages have a rough road to travel now.

MERCHANT TAILOR.—M. Raphael has secured his old quarters on Virginia street, for the purpose of again pursuing his calling. Gentlemen wishing the latest styles of suits are respectfully invited to give him an order. All kinds of repairing done at short notice. *

DENTIST'S OFFICE.—Dr. W. D. Wagar, dentist, has removed from Simpson & Osburn's drug store, to the office on Virginia street, occupied by Drs. Johnson & Dawson, where

, and the members of the Jury are deserving of the highest praise for the thorough, faithful and efficient manner in which they have performed their duty. The recommendations and suggestions offered are worthy of immediate favorable consideration, and especially should our members in the Legislature pay heed to the one concerning any change in our present Judicial District. On this point the Grand Jury is very emphatic, and opposes any change. In this they but represent the sentiments of the people. Some good advice is tendered our township officers, and they will please bear it in mind. We have no doubt but that the Commissioners will at once attend to the matters to which their attention is called. We hope that all will read the report, published elsewhere in full. It is a document deserving careful perusal.

PALACE BARBER SHOP.—Messrs. Morris & Frankinfield desire to announce to their friends and the public in general, that they have opened an elegant Barber Shop, on Virginia street, fronting Bulden's photographic gallery. New room, new furniture, and the only latest improved Rochester barber chair to be found in Reno. The most comfortable chair made. Shaving, hair cutting, shampooing, and dying attended to in a practical and workman-like manner. Everything to insure the comfort and pleasure of customers has been provided. Ladies and childrens' hair cutting and shampooing a specialty. All kinds of tonics and hair restoratives always on hand, together with the celebrated "dry shampoo," warranted to remove dandruff, and all itching of the head.

MARK H. MORRIS,
H. H. FRANKINFIELD.

"ONE GOOD TURN DESERVES ANOTHER."—The above adage is most applicable to Messrs. Grey & Isaacs, dry goods merchants, Virginia street. Seeing since they have come amongst us, ladies have discovered to their joy that the prices in dry goods have fallen to one-half their original price, and still they tumble, as Grey & Isaacs are determined to still continue to lead the dry goods trade of Reno, and with that aim in view they have marked down their entire stock to enable them to clear out all their Winter goods, so now is your opportunity ladies to buy dry goods at your own price, at the same time showing your appreciation for their past acts. *

TONSORIAL WAR.—There is war among the barbers. Schwartz, at the International, has inaugurated it by reducing the price of hair-cutting from 50 to 25 cents, and shampooing from 50 to 25 cents. Help keep the prices down to a fair figure by patronizing Schwartz. *

NEW STORE.—Yankee Dodge is again to the front. He is well aware of the hard times and knows that Reno wants goods sold at the lowest rates and for Cash. Hence Dodge has opened a store next door to Pollard's Hotel, Commercial Row, where he will keep on hand a general variety of Yankee Notions, such as Soap, Perfumery, Hose, Ladies and Gents' Underwear, Towels and Counterpanes, Buggy Robes, Horse Blankets, Whips, etc., etc. He has a well assorted stock of goods which he will sell cheaper than anybody. Call and examine them. *

WHEN you want to buy a first-class sewing machine, go to Jos. DeBell's on Virginia street and get a "Davis." For Beauty, Simplicity, Durability and Strength, they have no equal. Terms, easy. Machine needles and attachments kept on hand. Machines cleaned and repaired at the most reasonable rates.
* M. G. BRADLEY, Agent.

AGENT.—Mr. W. J. Marsh has been appointed local agent for Reno of the well known musical house of Sherman & Hyde, of San Francisco. Therefore Mr. Marsh can sell you pianos, etc., on the same terms you obtain them below. *

☞ The National Gold Medal was awarded to Bradley & Rulofson for the best Photographs in the United States, and the Vienna Medal for the best in the world.
